My dear Ambassador.

DECLASSIFY

The Government of West Bengal have decided to publish complete works of Netaji Subhash Chandra Bose. They have also decided that the public speeches of Netaji will be included in the first volume. They have approached us for available material in the form of tapes, records, archival documents of his speeches and any other published material available abroad. It is possible that such material may be available in government archives as well as old files of newspapers, journals and periodicals.

2. I will be grateful if you could depute an appropriate officer to make suitable but discreet enquiries. Such material as can be obtained, may be sent to me for being sent to Government of West Bengal.

With best wishes,

Yours sincerely,

R.C.Shukla

Pfs are not
available in
NGO. I have
checked up with
FS(I) also. They
don't have the
papers either.
